

LABORITES IN COMMONS JEER ANTHONY EDEN

Denounce Government Policy Scrapping Sanctions

London, June 18.—(AP)—The British government, as Laborites jeered, announced today a tense House of Commons today it would take the lead to remove sanctions from Italy in an attempt to stave off a European war.

Prime Minister Stanley Baldwin, asserted collective security has failed ended bitter debate by calling for a peace understanding between Britain, Germany and France. He made no specific proposals toward this end.

Earlier, Anthony Eden, handsome young foreign secretary and so-called "white knight of Geneva," blushed when opposition members shouted "honor" as he explained Britain's about face on the question of sanctions.

Laborites, vehemently attacked the government, charged it has destroyed the League of Nations and white maned David Lloyd George world war premier said Eden was going to Geneva to smash the league. He thundered:

"There is nothing but anarchy as an alternative; there will be international anarchy the moment this is known."

Eden, visibly angered by opposition heckling, retorted: "The honorable members are making cheap gibes."

Both Eden and Baldwin warned peace may be lost and nothing could be gained if the old policy of sanctions is maintained.

Prime Minister Baldwin said: "I do not think myself it is necessary to mark cowardice to take the action we know will be repugnant to large sections of our people."

"We take it because of the present state of Europe. We honestly believe it is the wisest of two courses and the one most conducive to peace."

Eden said: "If we cling to a course after the object has become unobtainable we may lose the greater and for which we are working the greater and being to keep the peace. If it means admitting failure, this is one instance it has got to be faced."

Labor will move for a vote of censure when debate is resumed Tuesday, Clement R. Attlee, labor leader, announced.

Laborites laughed scornfully when Eden said: "The government is determined the league should go on."

Arthur Greenwood, laborite, accused the government of "tricking to a dictator" and added: "During the whole of this debate there has been not a single word of sympathy for a broken nation, no word of condemnation for the power which deliberately organized the use of poison gases in spite of treaty obligations."

He called the decision to drop sanctions an "astonishing and sudden conversion" and "the biggest act of political treachery in the history of the country."

Sen. Borah Ready To Run Once More

Reserves Right To Exercise "Full Freedom"

Pocatello, Idaho, June 18.—(AP)—Senator William E. Borah is "rather anxious" to run again, but reserves the right to exercise "full freedom of views and of discussion" on national issues and candidates. It was learned today.

Some Idaho Republicans professed bewilderment regarding the veteran statesman's aims. One friend pronounced a conference of "the best minds of the party" to consider Borah's position. At Washington Borah declined amplification.

In a letter to R. P. Parry, Republican state chairman, Borah said he is willing to seek the nomination in the August 11 primary for the office he has held 30 years.

He made plain, however, he wrote to make his position clear that state party leaders might agree upon another candidate. "If they wished, in view of Borah's 'stand on the Republican monetary plank'."

The senator reiterated his opposition to any move toward "return to the gold standard," adding:

"I shall not at this time go into detail. But I feel that I ought to advise you and other Republicans of my position. It seems, as I said some weeks ago, that in this campaign the candidates are to be the platform and such will be my position in the campaign."

Hamilton Claims New York State For Republicans

Says GOP Will Carry State Whether Lehman Runs Or Not

New York, June 18.—(AP)—President Roosevelt's home state of New York was claimed for the Republicans by National Chairman John D. M. Hamilton tonight as he went over the situation with state and local leaders.

Commenting on Gov. Herbert H. Lehman's recent announcement that he would not seek a third term, Hamilton said:

"London and Knox will carry New York state whether Lehman runs or not."

Published reports that the Democrats might try to prevail on Governor Lehman to lend his vote-getting strength to their ticket by running again and then resigning if reelected brought this comment from Hamilton:

"I think Mr. Roosevelt needs all the help he can get in New York state and I wouldn't blame him for trying to set up an artificial candidacy here."

Neither Governor Lehman nor any one else can save Roosevelt in New York state."

He added, however, that "we are not going to take any chances."

By an "artificial candidacy" Hamilton said he meant one designed "not to serve the state but to save Roosevelt's hide."

"The people are entitled to know who is going to be the actual governor," he added.

In any event he said the question of whether Governor Lehman runs again was relative, depending on who opposed him and what the issues were.

Workers Strike At American Hospital In Paris Settled

French Cabinet Declares Croix De Feu Must Be Dissolved

Paris, June 18.—(AP)—Striking workers at the American hospital forced a quick victory tonight while official France made a firm thrust at "remnants of the regime."

Sixty hospital assistants, scrubwomen and other workers at the Neufly-Sur-Seine institution went almost all their wage-hour demands in one day of entrenched idleness.

Authorities at the hospital said they had given in because the government, despite a personal appeal from Ambassador Jesse Isidor Straus, refused to oust the strikers by force until negotiations had been tried.

Doctors and nurses pitched in to scrub floors, clean rooms and cook meals for the 85 patients, mainly Americans, 23 of them in a serious condition.

On the political front, the cabinet decreed quick dissolution of the Croix de Feu and three other Rightist leagues indicate difficulties ahead.

Premier Leon Blum's socialist government moved also to remedy France's shaky financial condition.

Authorities sought repatriation of capital with a bill providing prosecution of Frenchmen who fail to declare what gold and securities they have abroad.

The cabinet approved a bill which would permit the general federation of labor and industrialists' corporations representation of the regents' council of the Bank of France.

A weekly Bank of France statement disclosed a new 7-day gold drain of \$59,000,000 francs (\$63,614,305).

Elephant Killed By Firing Squad

Gored Keeper To Death Last Tuesday

San Francisco, June 18.—(AP)—The blood of his victim still visible on his tusk, "Wally" six-ton elephant was executed today by a firing squad of three while 50 spectators watched.

Saved by one court appeal, the Pilsbake zoo elephant was spread-eagled, chained and shot for goring to death his trainer, Edward Brown, 45, Tuesday.

"If we didn't kill the elephant there were bound to be endless accidents," said Edmund Heller, the superintendent, who watched the elephant die.

The beast staggered as the big rifles cracked almost in unison. Then he rolled over.

The 23-year-old elephant, valued at \$5,000, became enraged after being separated from four female elephants, trampling and then goring Brown.

Alexander Mossin, an attorney who described himself as "a lover of animals" obtained a restraining order that prolonged "Wally's" life after the execution plans were protested by the Mayors of Oakland and San Francisco.

SIX WOUNDED AS STRIKERS STORM PLANT

Two Score Men Taken From Building Under Guard

Kent, O., June 18.—(AP)—Sheriff E. L. Burr and police Chief St. Clair West escorted two score men tonight from the plant of the Black & Decker Electric Company, where they had been marooned during a day of armed conflict in which six men were wounded.

The men were placed in a large moving van with a police car as a front guard and the sheriff's car as a rear guard.

Leaders of a strike of union machinists, whose pickets conducted a siege of the plant today, rode on the truck and the cars, urging a huge crowd about the plant to let the men through their lines.

The sheriff said the men would be taken to the county jail in Ravenna. He here Joe Doe warrants charging them with shooting with intent to kill.

Today's violence started when the men entered the plant, accompanied by a barrage of tear gas. Pickets of the machinists union, which called a strike six weeks ago, rallied their forces, and for four hours the plant was a scene of rifle firing and rock throwing.

All Kent industrial plants were closed and hundreds of their employees joined the several thousand strikers, sympathizers and spectators in the vicinity of the besieged factory. Officials estimated the crowd at times totaled nearly 5,000 persons.

Adjutant General Emil Marx ordered National guard observers to the scene after company executives complained union men prevented the removal of wounded. Gov. Martin L. Dacey, whose home is in Kent, said he would withhold comment pending further developments.

Ammunition dealers said their stocks were almost depleted during the morning when armed men sent rifle bullets into the plant almost incessantly for four hours. Police Chief St. Clair West said the strikers fired from three sides. He ordered the sale of shells halted.

William Crawford, local president of the International Association of Machinists, which called a strike May 2, claimed the use of tear gas by "outsiders" who stormed the picketed gates at 6:30 a. m. precipitated the violence.

The union declared the strike, Crawford explained, to enforce demands for a 10 per cent wage increase, a 35-hour week and collective bargaining. The concern normally employs about 400 men, a majority of whom the union claims as members. The factory has not operated normally since the walkout.

Ill. Legislature Prepares For Sine Die Adjournment

Midnight Meeting Expected To Wind Up Fourth Special Session

Springfield, Ill., June 18.—(Friday)—(AP)—The senate tonight passed and sent to Governor Horner the old age pension bill asked by the federal social security board before it would match assistance funds with the state.

Springfield, Ill., June 18.—(AP)—The legislature tonight rushed toward sine die adjournment of the fourth special session tomorrow and a long recess of the second session, leaving relief administration in the hands of the townships with \$2,000,000 a month state aid.

Spurred on by hot weather, the House cleaned up its work in the afternoon and the Senate prepared to follow suit with a vote immediately after midnight on the bill to amend the old age assistance laws so the state can get federal financial aid.

The definite date for reconvening the second session also remained for decision in the Senate tonight. The Senate's resolution provided for a recess until September 15 and the House proposal for a delay until August 4. With the House holding only a perfunctory session tomorrow, the Senate's final decision tonight probably will be accepted.

No sine die adjournment resolution was offered in the Senate, but adoption of the House proposal to end the fourth session tomorrow was a foregone conclusion as all leaders favored it.

Burgessstown, Pa., June 18.—(AP)—A dynamite explosion, set off accidentally, demolished the mine cottage of Francis Huggins today, killing his wife and son and seriously injuring his two daughters.

State Police Sergeant Frank Gleason said he believed a rifle shot fired by seven-year-old Thomas Huggins ignited one of ten sticks of dynamite stored in the house.

Pneumonia Claims Life Of M. Gorky, Russian Writer

Death Followed Illness Of Several Days

Moscow, June 18.—(AP)—Maxim Gorky, one-time rapscallion and foe of the Czars who became a hero of the Soviets and their outstanding writer died today of pneumonia. He was 68 years old.

The world famous novelist had been ill for ten days. Russia's leading physicians had kept him alive for the last 24 hours by stimulants and applications of oxygen.

Gorky had only one lung, the other having been destroyed by a tuberculosis infection after he shot himself in a suicide attempt as a youth. Pneumonia set in in the single lung, following an attack of influenza.

Although not a member of the Communist party, Gorky held a prominent position in Soviet life and was a former member of the central executive committee.

Gorky had a private residence here—a privilege accorded only a few. Recently he had been writing plays and articles for newspapers in which he severely criticized young Soviet writers for a lack of imagination and failure to develop a "revolutionary" school of writing.

The world's largest land air-line, the Maxim Gorky, which crashed last year and killed 50 persons, was named for the author.

Gorky was the second world figure of letters to die this week, his death following by five days that of G. K. Chesterton of England.

George Bernard Shaw, told in London of Gorky's death, said: "I dare say time for all us nineteenth century writers to clear out. You'd better prepare my obituary."

Knox Tells How Landon Received GOP Nomination

Gives Chicago Group A First Hand Account Of Situation

Chicago, June 18.—(AP)—Col. Frank Knox, whose own status modulated from rival to running mate during the Republican National convention, gave a "welcome home" gathering today a "behind the scenes" account of Gov. Alf M. Landon's nomination.

Returned from a campaign strategy conference with the Republican nominee at Topeka, Col. Knox told fellow members of the Union club at a celebration in his honor that he and the other contenders for the major convention honor agreed at a conference late on the night of Wednesday, June 10, that joint withdrawal was the only patriotic course.

"We canvassed the situation thoroughly," said the vice presidential nominee, "and we had a suspicion it might be possible to marshal enough votes to prevent an early nomination (of Gov. Landon)."

"I proposed this question. Even if we had the votes, had we the right to carry out this plan (to stop Landon)? Are we ready to assume responsibility for stopping a nomination which comes from the grass roots?"

"Our position unanimously was that we did not have the right."

"We agreed we owed it to the country and the party to withdraw."

Present at the conference which ended the "stop Landon" drive Knox said were "Senator Vandenberg and myself along with representatives of former President Hoover and Sen. Dickinson. Sen. Vandenberg spoke for Borah."

"It was planned that night," Col. Knox continued, "that Vandenberg, Dickinson and myself would appear before the convention and second Gov. Landon's nomination making possible unanimous action."

On Thursday, June 11, the Kansas governor was unanimously nominated by the Cleveland gathering.

"It wasn't the delegates who nominated him," the speaker said. "It was the people back home."

Col. Knox was introduced to the gathering by former Vice President Charles G. Dawes as a "great campaigner."

Gen. Dawes was a delegate-at-large from Illinois.

ART DEALER WARNED NOT TO PESTER J. P.

New York, June 18.—(AP)—Gregor Aharon, who pleaded by letter with J. P. Morgan to buy his status not wisely but too well, was told in court today to go and "pester" no more.

Aharon was arrested last Monday charged with predicting dire things for Mr. Morgan if he did not pay \$20,000 for a statue of the Madonna and child which Aharon bought for \$600 and promptly attributed to Michael Angelo.

Today Federal Judge Francis G. Caffey released Aharon after denying a motion for the Armenian art dealer's commitment to Bellevue hospital for observation.

Congress Passes Bill Protecting Small Merchant

Would Forbid Unfair Price Discrimination And Rebates

Washington, June 18.—(AP)—Far-reaching legislation intended to protect the independent merchant from price advantage allowed large competitors was passed tonight by congress and sent to President Roosevelt.

Congressional action was completed when the senate agreed to a conference report, already approved by the house on the Robinson-Patman bill to tighten the anti-trust laws.

Primarily the bill is designed to prevent unfair price discriminations through the use of fake discounts and rebates for services not actually performed.

More important, it would permit the federal trade commission to fix the point beyond which discounts for quantity purchases could not go. The commission would be instructed to prevent discounts for purchases so large that competitors would be unable to match them, thus creating monopoly.

The basis of the bill were measures introduced early in the session by Senator Robinson, (D-Ark.) and Representative Patman, (D-Tex.) To it, however, was attached the Borah-Nyus bill, embodying some of the anti-monopoly theories which Senator Borah (R-Ida., advanced to the Republican platform committee in Cleveland.

The Borah-Nyus amendment would not rely alone on the federal trade commission, but would permit prosecution of violators in the federal courts, with penalties of a \$5,000 fine or one year in jail.

Exemptions from the operation of the law would be granted in the handling of perishable foods and in other emergencies.

Brooks Hails New Party Leadership

Predicts Return Of Illinois Leadership In Nov.

Bloomington, Ill., June 18.—(AP)—C. Wayland Brooks, Republican nominee for governor, predicted at a party rally here tonight that Illinois would regain its place as the leading Republican state of the union after the votes were counted in November.

He hailed the new leadership of the party, which he asserted would "revivify the great body of patriotic Americans, Republicans and Democrats alike, who are weary of the devious paths laid in the last three and one half years."

He expressed opposition to the sales tax in its present form and promised further assistance to the aged if elected.

Other state candidates who addressed the rally were George Hatzendebuhl, nominee for lieutenant governor; Arthur J. Bidwell, nominee for state auditor, and Charles W. Hadley, nominee for attorney general.

Herman Turner was in the city yesterday from Waverly.

Senate and House Speed Up Legislation in Effort To Adjourn by Saturday

Will Attempt To Compromise Ill. Democratic Split

Washington, June 18.—(AP)—The Senate and House were joined tonight in a headlong rush for a Saturday night adjournment, marked by speedy disposal of secondary legislation after the \$2,375,000,000 relief-deficiency bill finally had been sent to the White House.

Bowing almost without a struggle to the House decree that the Florida ship canal must die, the Senate ended the long and bitter controversy over relief by agreeing to a conference report on the more than two and a quarter billion measure. Contained in it was \$1,425,000,000 for relief, and authorization for continuing the PWA.

Leaders on both sides took some adjournment encouragement from the late day agreement by Senate-House conferees on the tax bill. However, it was conceded that if the arduous task of drafting the agreement into legislative form took too long, any organized dissent when the conference agreement reaches the Senate might possibly force Congress to hold over beyond Saturday.

Meeting the quick-step tempo set earlier by the Senate, the House was called into night session tonight to clear away other legislative hurdles.

In the get-out-before-Sunday rush other developments included:

The Senate agreed to a conference report and sent to the White House the Robinson-Patman anti-price discrimination bill, which would permit the federal trade commission among other things to limit the amount of price reduction given for quantity purchasing.

The Senate completed congressional action on the \$114,000,000 interior department appropriation bill, another vital supply measure that had been long tied up in a conference deadlock.

A Senate-House conference agreement was reached on the District of Columbia appropriation bill which had involved one of the most heated inter-branch squabbles of the session.

An agreement finally was gained also on the big treasury-post office supply bill which had been held in conference for months by uncertainty over ship subsidy legislation.

The Senate began consideration of the Guffy-Gibson, Copeland ship subsidy compromise bill, intended to supplement existing ocean mail contracts with indications that the threatened filibuster against it would be abandoned.

Final action was taken by both the House and Senate on a host of minor bills.

Senate leaders tonight continued to express confidence that they could wind up the session Saturday night, but House chiefs were showing signs of worry.

The House was called into session tonight for the third time in a week after almost the entire afternoon was consumed considering a batch of immigration bills.

Late in the afternoon the Walsh-Healy government contracts bill, to require contractors dealing with the government to conform to certain wage and hour standards, was called up.

"Speaker Bankhead said the plan was to dispose of this and then tackle various conference reports."

"Whether we adjourn Saturday or not," he said at his press conference, "we are going to clean up the House business."

Serves Summons On Ten-Day-Old Baby

Deputy Sheriff Solves Difficult Problem

Chicago, June 18.—(AP)—Deputy Sheriff James Svejda pressed his nose against the glass window of a hospital nursery today and debated how best to perform his duty of serving a summons on a ten-day-old baby.

The writ commanded "baby boy" Kaplan to appear in county court to "answer a petition for adoption."

Through the window Deputy Sheriff Svejda could see his "man" blissfully asleep under a pink blanket in a "basket or whatever you call it."

Nurses shoed the deputy out of their way. He held out the summons vaguely and remarked apologetically, "maybe I'd better not go in and wake up that cute baby."

"I'll say you won't," said a woman in white, "even parents can't go in there. And we never bring him out even for feeding because he's a bottle baby."

"That's that then," said Svejda relieved. So he telephoned his superiors. Patiently they reminded him the law is the law, even if the baby couldn't read. He went back to the hospital and eventually convinced himself "I wasn't nuts."

They allowed him inside the nursery.

Baby boy Kaplan was awake. Deputy Svejda stood over the bassinet, rubbing his chin in perplexity and finally thrust out the summons.

"The little Tyke frowned, but he took it and held on for a moment," Svejda said. "I guess that makes it legal."

ELECTED PRESIDENT

Bloomington, Ill., June 18.—(AP)—Dr. J. P. Kannelles of Chicago was elected president of the Illinois Chiropractic society at its convention here today. Dr. Robert Pickard of Bloomington was elected vice president and Dr. J. W. Dugger of Springfield, secretary-treasurer. The convention closes Friday.

Will Attempt To Compromise Ill. Democratic Split

Washington, June 18.—(AP)—Illinois Democratic congressmen, concerned with the continuation of factional strife in state party circles, will meet tomorrow in an effort to find a compromise which they can recommend to Governor Henry Horner and Mayor Edward J. Kelly of Chicago, opposing leaders.

The party's factional differences in Illinois have been the subject of many private conversations the past few days between the state's representatives and Senator James Hamilton Lewis, who has agreed to act as spokesman for the group at the caucus of Illinois delegates at the Democratic national conference next week.

Among those who have participated in the conversations and who were instrumental in calling tomorrow's meeting are D. C. Robbins of Champaign, Scott W. Lucas of Havana and James A. Meeks of Danville.

They report most of the states' delegation are anxious that the feud between the governor and Chicago's mayor not be carried to the convention; that the two factional leaders compromise in some manner which will prevent a fight over the selection of a national committeeman; and that the contending elements make peace without the intervention of the national administration in order that the party's chances in November not be endangered.

Major Kelly is understood to have insisted on the re-election of Patrick A. Nash, Chicago, who leads the Cook county organization with him, as national committeeman. The governor has not publicly indicated whether his faction will oppose re-election of Nash, but the state's Democratic congressional delegation fears the primary fight, with its resultant dispute over selection of a state chairman, will be carried into the Philadelphia caucus.

Robinson Reports On G.O.P. Conclave

Delegate to National Tells of Events Leading to Nominations

A report of events that occurred at the Republican national convention held recently at Cleveland, was given by Carl E. Robinson at the Thursday meeting of the local Kiwanis club at the Peacock Inn. Mr. Robinson was one of the delegates to the convention from the twentieth congressional district.

The speaker told about the first order of business that came before the 57 delegates from Illinois, the election of a national committeemen. George F. Harding was chosen committeemen defeating Frank L. Smith of Dwight. Smith had held his office for four years and the contest for the office was spirited.

Each convention session was opened by prayer, said the speaker, and the order of business was carried out as scheduled. It was apparent from the beginning of the convention that Landon was the leading candidate for the nomination as president of the United States, said Mr. Robinson. The Kansans and their followers staged huge demonstrations for their candidate continually. It was reported that Landon headquarters gave out 40,000 Kansas sunflowers with the name of Landon appearing in the center of the flowers.

Mr. Robinson was in the Landon hotel when Peggy Landon and her grandfather arrived for the convention. When the huge crowd that was in the hotel became aware that the two had arrived from Kansas there was a tremendous demonstration. The Landon boosters were augmented by a drum and bugle corps of 280 members from Buffalo, N. Y., a most colorful organization.

Mr. Robinson was impressed by the appearance and talk made by Senator Vandenberg of Michigan, who was a candidate for the presidential nomination. He also spoke of the fine impression Landon's manager, John D. M. Hamilton, Topeka attorney, made at the convention.

Of much interest to the Jacksonville delegate was an "applause meter," which registered the degree of applause given in the huge convention hall. At the time the name of Gov. Alf M. Landon was placed in nomination and when former President Herbert Hoover appeared in the convention hall the meter registered at the top, remaining there for many minutes.

No country in Europe, including England, could meet as the delegates of the political parties of this country do to select nominees for the highest office in the nation, and conduct their meetings so deliberately and courteously, said the speaker. The deliberations are a credit to the peace-loving people of this nation, he asserted.

Farmers Invited to Morgan County Day At U. of I. Tuesday

Receive Program Outline for
Special Feature of
Open House

Tuesday, June 23, will be Morgan county day at the University of Illinois. Cards have been sent out to farm folk to determine the number who will attend. Special days of open house week at the University Agricultural College are designated for each county.

A letter sent to Morgan county farmers outlines the activities for the day, which will begin with a general meeting at the new Agriculture building at 9:30 a.m.
We will visit the Morrow plots, the oldest in the country; the poultry department; the dairy, swine, sheep, horse, and cattle barns; the pasture experiments; and South farm.
"It will be a worth while trip for all members of the family and any friends of the Farm Bureau that you wish to invite. There will be a good place to eat your picnic lunch if you plan to take it along."

JERSEY AND CALHOUN ORCHARDISTS PREPARE FOR FIRST HARVEST

Jerseyville—Harvesting of the early apple crop in Jersey and Calhoun counties will begin in a short time according to growers of the Jersey county vicinity.

Harry Fulkerson, who operates orchards in Jersey and Calhoun counties, was in Jerseyville Wednesday afternoon and reported that his crop of Yellow Transparent will be ready for the baskets by the fourth of July.
"I have a small acreage of Transparents," Fulkerson stated, "but prices stay anywhere near their present status there will be a chance of making a bit of change on this year's crop. The early apple crop puts the producer on the spot where he must take what he can get. With the late apples, it is different. One may put his crop in cold storage if he does not like the price."

Fulkerson stated that he still is holding 1000 bushels of Willow Twigs in storage in the 1935 crop. Two weeks ago he had 2000 bushels but reduced the amount on hand.

His Constipation*

We quote from his letter: "... So I decided to make a fair trial (of Kellogg's ALL-BRAN), with the result that I felt much improved. I have quit all laxatives since 1929."

"For 34 years, I had to take pills, salts, oils, teas, or other fluids, which did more harm than good. ALL-BRAN now is our breakfast cereal for the whole family."—Mr. Martin Wroblewski, 201 Church Street, Highland Park, Mich.

Meals low in "bulk" often lead to constipation. Kellogg's ALL-BRAN provides generous "bulk" in effective form. This "bulk" absorbs moisture, forms a soft mass, and gently exercises and cleanses the system. ALL-BRAN also furnishes vitamin B and iron.

Two tablespoonfuls daily are usually sufficient. How much better to use this natural food in place of patent medicines.

Use as a cereal with milk or cream, or in cooking. ALL-BRAN is much more effective than part-bran products. It is sold by all grocers. Made by Kellogg in Battle Creek.

*Constipation due to insufficient "bulk" in meals.

Rural Road Oiling Will Begin Monday

The Jacksonville Auto Club reports that road oiling in the rural districts will be started next Monday, with the oiling of the road north of Waverly and the road north of Alexander. Inasmuch as watchmen are on guard everyone is advised to not try to travel these newly oiled roads. Road graveling is being carried on in nearly all of the road districts.

Minneapolis, Minn., is 485 miles from Jacksonville via all paved road with several routes to choose from. One is via Beardstown, Davenport, Dubuque and Rochester and is a scenic winding road from Dubuque north. Another is via either Keokuk or Burlington, Iowa thence through Iowa City, Cedar Rapids and thence either through Rochester, Minn., or Austin and Owatonna. The route via Madison, Wis., is a little farther but the Wisconsin Dells may be visited on this route and thence a choice of routes via either Eau Claire or La Crosse and the scenic drive along the Mississippi river to the twin cities. Minneapolis is the gateway to the Lake District of Minnesota and June is a favorite month for fishermen in this section.

Eagle River, Wisconsin, in the heart of the Wisconsin lakes is 547 miles from Jacksonville via US-66 to Bloomington, US-51 to Woodruff, and Wisconsin-70 to Eagle River. With the exception of about 50 miles of gravel this route is all paved.

Mammoth Cave, Ky., is 415 miles from Jacksonville via Waverly, Pana, Effingham, Vincennes, where President Roosevelt has just dedicated a new memorial to George Rogers Clark and thence through Louisville, Ky. Other interesting places to visit in the central part of Kentucky are "My Old Kentucky Home" at Bardonia where St. Joseph's Cathedral is also located; Hodgenville, birthplace of Abraham Lincoln; Harrodsburg, site of Old Fort Harrod; Shakerstown; and the Blue Grass Region around Lexington, Ky.

All Morning Rain in New York Causes Postponement Of Louis-Schmeling Fight

New York, June 18.—(AP)—The 15-round heavyweight match between Max Schmeling and Louis was postponed until tomorrow night because of all morning rain.

It was the first time Mike Jacobs took with the weather has played him since he blossomed out as a big time promoter.

Pair weather forecast for tomorrow, but if a second postponement is necessary, Jacobs said he will try to arrange to stage the fight Saturday afternoon.

He may run into complications, however. Although there is no official agreement, Lou Schilling had club a matter of professional courtesy, never permit the use of their parks for afternoon attractions unless the consent of the club in the other league is obtained.

At the Polo grounds, where the league-leading St. Louis Cardinals are called Saturday, it was indicated the Giants would oppose a rival opponent.

Jacobs, however, the postponement will split having ticket sales at a standstill all day due to the gloomy weather.

Schmeling and Louis have fought 192 and 198 respectively, both with a record of 19-0.

Omaha Loses Out By Inches In Race For The Ascot Cup

Quashed Wins In Whirlwind Finish Over Two And A Half Mile Course

Ascot, June 18.—(AP)—William Woodward's Omaha went the way of nearly all great American thoroughbreds before him today when Quashed, a little fully owned by Lord Quashed, beat the American-owned son of Gallop Fox by inches in a breath-taking finish for the Ascot gold cup.

Quashed, a palmetto and expensive colt, won the world's longest race, two and a half miles, in 1:28.4, beating Omaha, since 1928, by 1/4 of a length.

Quashed, a son of Gallop Fox, was a long-striding colt in the final furious quarter-mile finish.

A fashionable crowd estimated at 10,000, which had the pair battle all the way to the finish line, saw the victory of Quashed, who was ridden by jockey John S. Bolger.

Seeded Men Reach Tennis Semifinals

Chicago, June 18.—(AP)—Two seeded stars, one from the far west and the other a resident of Chicago, became the first entrants to reach the semifinals today of the National Clay Courts tennis championships at the River Forest Tennis club.

Vernon John, University of Southern California, seeded No. 12, eliminated Wilbur (Junior) Coen of Kansas City, one of the singles favorites, 6-1, 3-6, 11-9. John McDiarmid of the University of Chicago, only local entrant still in the running, defeated Wayne Sablin of Hollywood, seeded seventh, 6-4, 6-3, 4-6, 3-6, 6-4. The winner is fourth in the seeded list.

Coen, after dropping the first set by a clear margin, fought back to take the second in the fastest time of any during the day. John fought off a strong bid which Coen, seeded tenth, made in the fourth set. McDiarmid forced to five sets by Sablin, was a little more steady than his opponent.

Two Former Titleholders Forced Out Of Running

In the afternoon he eliminated Buddy Rust, young Bloomington player, two up.

Gus Moreland, Peoria, continuing to play sub-par golf after taking medal honors yesterday, disposed of Alex Welsh, Rockford, five and four in the opening round, and followed with a four and three triumph over Jimmy Frisna, Taylorville, medalist in last year's meet.

Hoffman defeated Prosper Albee, Rockford, three and two, to enter the quarter-finals.

Larry Moller, Quincy, titleholder in 1934, dropped his second round match to Steve Williams, Jr., Evanston Golf club, five and three.

Hoffman will meet Moreland, and Hobart will face Wilbur Kokes, a University of Illinois teammate in the quarter-finals. Two rounds will be played tomorrow to set the stage for a 36-hole final Saturday.

Chicago, June 18.—(AP)—Johnny Whitehead bested Johnny Marcum in a close pitchers' duel today, hurling three-hit ball as the White Sox made it two out of three over the Boston Red Sox with a 1 to 0 victory.

Although Marcum limited the White Sox to half a dozen hits, his "million-dollar" mates couldn't hit behind him, and not a Boston man reached third base.

The 4-19 class of the First Baptist church will hold their second annual market and auction in the vacant building just north of the Evans garage on Main street all day and evening Saturday. This class has hit upon a novel way to make money for the class and yet help others to get rid of articles no longer needed. Any one may enter anything from the smallest articles to furniture, and have it sold on commission. The class retains a percentage and the remainder of the money goes to the donor. Last year there were a number of quilts and numerous articles of furniture including dishes, lamps and so on. It was interesting to see what one person did not want and how others outbid one another to secure the discarded things.

Mrs. Peoria Nell is ill at her home on West Lincoln street. Mr. and Mrs. Otis Shanklin and children, Eugene, Helen and Marcelle of Burlington, Iowa, arrived Saturday for a visit with Mrs. Otis' mother, Mrs. Etta Talkington, and his sister, Mrs. Burley Hawk and family. RUNAWAY BRIDE

By Helen Welshimer
© 1936 NEA Service, Inc.

Continued from page 10

HALF an hour later a slim girl
in a rust frock and cape,
banded with dark fur, was ushered
into Wenda Andrews' room.
Wenda, standing before the mir-
ror, in a green tulle frock that
resembled the white tulle one that
was spread out on Marcia's bed,
gave an audible gasp.

"Marcia, what in the world are
you doing running around foot-
loose?" As the rust-clad figure
sank wearily into a chair, she
grew more puzzled. "Marcia,
honey, have you forgotten that
this is your wedding night? The
handsome, debonaire Robert is giv-
ing you his name."

Marcia motioned to the green
frock. "Take it off, Wenda. You
won't be wearing it. There isn't
going to be a wedding."

"Are you crazy? Is it a quar-
rel?"

"No, we'll still be concerned
about each other's health when we
meet. We just aren't marrying
each other. Bob's love is parked
around in too many places. But
he was going to hang his hat in
my house. That's all."

Wenda glanced at the clock on
the dressing table and pressed a
button. "Quick, hot tea
lots of it," she told the maid. "Tell
Carl to have the car ready." Then
she turned back to Marcia and
smiled. "Want to tell me about
it?"

Marcia nodded. She made the
story brief, but complete. "So
the wedding's off and you have to
go over to the house and tell my
family. For them I'll call tomor-
row. I can't go back."

"Then a queer," Wenda mused.
"Don't you see, Marcia, I'll
warn you up. Men do utterly in-
consequential things that look
momentous. They all like to
think they are Don Juans. Maybe
he was being dramatic. Your wed-
ding's planned and he chose you.
That's something."

"Something, but not every-
thing. That's why I'm not going
on Wenda. He might not be will-
ing to leave his old girls behind
him."

"Maybe you're right, but I'm
not sure. Wenda looked down at
the green swirls of tulle. "I've
always wanted to be a maid of
honor. I'm qualified as a bride-
maid even times, but that's as
near to the altar as I can get
near an advanced position. But
if the wedding's off—what shall
I tell your mother?" She reached
for a long white cape, thought
again and began to unfasten her
front.

"That I'll get in touch with her
tomorrow and I'm sorry."

"You'll wait here for me?"

"I'll wait. And don't take off
your dress. Go as you are."

Wenda put her arms around the
girl in the chair. "Cry, Marcia.
It will help." Then she was gone.

FOR the second time that after-
noon Marcia was alone in a

He was a tall young man, browned as though he had been
in the sun and wind a long time.

room that carried the touches of
a wedding preparation. Wenda
had forgotten her flowers and the
old-fashioned, noisy, fat-tired
green taxi lay on the dressing
table by the door, surrounded by
its case that had been the bride's
gift.

The hands of the clock moved
slowly. The house grew quiet.
Another car pulled out. Presently
Marcia's parents had started to the
wedding by noon. There was no
wedding in the world but moments
and days and months and years
and there was nothing to do
with them. Marcia bumped up
against the door and scribbled a note at
the desk.

Wenda during, wrote a day
and I'll be back. The other
day, me, please, don't forget
me. I'll be back. I'll be back.
I'll be back. I'll be back.

She climbed into the maddest
stepped on the accelerator, and
began to go faster and faster.
She wondered what was going on.
Her mother would make it to the wed-
ding guests—maybe she would
pretend that her daughter had been
meaner on Sunday than she was
would be polite but no one would
believe the story. She might have

been driving for two hours or 25
miles, she didn't know, when
she came down Park Avenue or
the side of the green carpet
of gas that runs along the
side of the street. It was dark,
very, very dark.

Marcia's father would put her
in the car and drive her home.
He would be proud that she had
been so brave. He would be proud
that she had been so brave.

"Where's the car?"
"You mean a plane?"
"Okay, me!"

A long time later the door
opened. "Glad to see you,"
said a woman who looked like
Marcia's mother.

"Not a word about this,"
said the woman. "Not a word
about this. Not a word about
this. Not a word about this."

"I'm alone," Marcia answered,
and quite suddenly a wave of
